Reader: (e.g. patient aged 35 to 55, comparing clinics on a phone; often a relative books)

Treatment names: (the everyday words patients use)

Tone: plain, calm, confident. No exclamation marks. No "best clinic".

Prices: (EUR / GBP / USD; same from-price as the English page)

Top questions: (3 to 5 from your WhatsApp chats)

Do not say: (unproven claims, promised results, competitor names)

Pages, in order: treatments, doctors, journey, prices, FAQ, contact, thank-you

Format: one document per page, same headings

Deadline and approver: (name, date)

CHAPTER 02 **One page that explains the whole trip**

T02 OUTLINE
Patient journey page outline with sample sentences

Replace the [brackets] with your real details.

Title: Your treatment in Istanbul, step by step

1. Your inquiry (day 0)

> "Message us on WhatsApp or the form. A coordinator who speaks `[English, Arabic, French]` replies within `[2 hours]` and asks for photos."

2. Your plan (days 1 to 3)

> "Our doctor checks your case. You get a written plan: treatment, days, total price, inclusions. Nothing changes unless you agree."

3. Travel

> "You book flights to `[Istanbul Airport (IST) or Sabiha Gökçen (SAW)]`. We meet you at arrivals and drive you to the hotel."

4. Your stay

> "You stay at a `[4-star]` hotel, `[10 minutes]` from the clinic. `[A companion stays free.]` All transfers are included."

5. Treatment days

> "`[Implants: 2 visits of 5 to 7 days, 3 to 6 months apart.]` A coordinator joins every appointment."

6. Aftercare in Istanbul

> "You see the doctor before you fly. You get instructions in your language and your coordinator's number."

7. Follow-up from home

> "We check in after [1 week, 1 month, 6 months]. Message [name] any time; we reply within [one working day]."

Closing line

> "Still have a question? Message us in your language." [WhatsApp button]

CHAPTER 03 **A WhatsApp button on every treatment page**

CHAPTER 05 **Treatment pages that answer price and recovery**

T06 OUTLINE

Treatment page outline with sample copy (dental implants)

Use your own numbers. Works for any treatment. Keep the order.

H1: Dental implants in Istanbul

Intro

> "Titanium implants by [Dr. Name], [number] implants in [years] years. Two visits. A written plan before you travel."

What it is and who it is for

> "A titanium post in the jaw that holds a crown, bridge or full arch. You need enough bone, or a bone graft first. Not for untreated gum disease or uncontrolled diabetes."

How we do it

> "Visit 1 (5 to 7 days): scan, implants, temporary teeth. Visit 2 (3 to 6 months later, 5 to 7 days): final crowns or bridge."

Days and flying home

> "You can fly 48 hours after the implants. Most patients return to desk work the next day at home."

Price from

> "From [amount] per implant. From [amount] for a full arch (All-on-4)."

Included: 3D scan, implant ([brand]), temporary teeth, crowns ([material]), [n] hotel nights per visit, transfers, medicine, follow-up.

Not included: flights, bone graft ([amount]), extra nights.

Materials

> "[Implant brand, country], [crown material]. Warranty: [terms]."

Your doctor

> "[Dr. Name], [qualification], [years] years of implant surgery, member of [association]." [profile link]

Results

[3 to 6 before-and-after cases, same angle, with age range, treatment and days]

FAQ

- Does it hurt? "Local anaesthesia. Usually 2 to 3 days of discomfort, eased by medicine."
- What if an implant fails? "[Your real policy: what is covered, what the patient pays.]"
- Can my home dentist do follow-up? "Yes. You get your full file."
- One visit possible? "Sometimes. The doctor decides after the scan."
- How do I pay? "[Methods]. [Deposit] to confirm, the rest at the first visit."

Closing

> "Send a photo or X-ray. Get your plan in [24 hours]." [WhatsApp button] [short form]

CHAPTER 07 **Before-and-after results with consent**

T09 TEMPLATE

Before-and-after consent checklist (not legal advice)

A starting point for your lawyer. Laws differ by country.

Before the photo

- Photos are for the medical file. Publishing is a separate choice
- Standard angles. No jewellery or tattoos unless they agree

The form should say

- Clinic name and patient's full name
- What you publish: photos of [area], face shown / eyes covered / face cropped
- Where: website, named social accounts, print
- How long. They can withdraw any time; you remove images within [n] days
- No name or personal detail without separate agreement
- Whether they get anything in return
- Date, signature, a copy in their language

Storage

- Form in the patient file, linked to photos by case number
- A sheet of published cases: case, treatment, where, consent date, withdrawal date

Before publishing

- Form signed and matches what you publish
- Caption has no name or exact age
- After photo shows a healed result

Ask your lawyer about

- Data law in the patient's country too
- Minors and patients who cannot consent
- Your professional body's advertising rules

CHAPTER 08 **A clear path from interest to a booked consultation**

T14 TEMPLATE
UTM naming convention

Lowercase, no spaces, hyphens between words. Share with everyone who makes links.

`utm_source`	= where: google, meta, instagram, tiktok, youtube, email, whatsapp, partner-name
`utm_medium`	= type: cpc, paid-social, organic-social, email, referral
`utm_campaign`	= language-treatment-market-goal, e.g. ar-dental-implants-gulf-leads
`utm_content`	= the ad, e.g. video-01, carousel-before-after
`utm_term`	= keyword group, search ads only, e.g. implants-price

Example:

```
https://clinic.com/ar/dental-implants?utm_source=google&utm_medium=cpc&utm_campaign=ar-dental-implants-gulf-leads&utm_content=rsa-01
```

Rules

- Never rename a running campaign. Make a new one
- Log every link with date and author
- The treatment in utm_campaign matches the landing page

T15 TEMPLATE
Google Ads offline conversion import, step by step

A developer or ads manager does steps 1 to 3 once. A coordinator does step 4 weekly.

1. Turn on auto-tagging

Google Ads > Admin > Account settings > Auto-tagging: on. Ad clicks now add ?gclid=... to your link.

2. Save the click ID

Add a hidden field named gclid to every form. A small script reads it from the link, keeps it 90 days (cookie or local storage) and fills the field. For WhatsApp leads, save page and campaign. Later, ask about "enhanced conversions for leads".

3. Create the conversion action

Google Ads > Goals > Conversions > Summary > New conversion action > Import > CRM, file or other data source > Track conversions from clicks. Name: "Booked patient". Category: Qualified lead or Converted lead. Value: different per conversion. Count: one. Window: 90 days.

4. Upload weekly

Take rows with booked = yes and a gclid. Use exactly these columns:

```
Google Click ID | Conversion Name | Conversion Time | Conversion Value | Conversion Currency
```

Time format: yyyy-mm-dd hh:mm:ss plus time zone, e.g. "2026-01-20 14:35:00 Europe/Istanbul".

Google Ads > Goals > Conversions > Uploads: upload the file or schedule a Google Sheet. Fix rejected rows.

5. Give it time

After 3 to 4 uploads, bid on "Booked patient", not clicks. Judge ads by cost per booked patient.

CHAPTER 10 **Reviews and follow-up that bring the next patient**

T16 MESSAGES
Review request and follow-up messages

Send from the clinic number. Use your direct review link.

REVIEW REQUEST, LAST VISIT OR WEEK ONE (EN):

> Hello [name], it was a pleasure to look after you. If you are happy, a short review helps patients from [country]: [review link]. Please mention your [treatment] and country. Thank you, [coordinator].

ONE-WEEK FOLLOW-UP (EN):

> Hello [name], one week since you flew home. How do you feel? Any pain or questions? [Dr. Name] reads messages the same day.

ONE-MONTH FOLLOW-UP (EN):

> Hello [name], one month already. Is it healing well? A photo helps the doctor check. Review link: [review link].

SIX-MONTH FOLLOW-UP (EN):

> Hello [name], six months since your [treatment]. Could you send a new photo? If a friend is thinking about treatment, give them this number.

REPLY TO A GOOD REVIEW (EN):

> Thank you, [first name]. It was a pleasure to care for your [treatment].

REPLY TO A BAD REVIEW (EN):

> [First name], I am sorry, and thank you for telling us. I checked your file and [what you did or will do]. Please message me at [number] so I can help. [Name, role].

T17 TEMPLATE

The 30-day plan (and the 2-hours-a-week version)

Fastest wins first. Only 2 hours a week? Use the short version.

Week 1: Capture (chapters 3 and 8)

- WhatsApp Business: profile, hours, away message
- Pre-filled button on every treatment page
- First-reply scripts; reply time on the site
- Five-field form, thank-you page, confirmation
- Lead tracker started, even on paper

Week 2: Answer (chapters 5 and 2)

- Rebuild one treatment page; add the price table
- Write the journey page; add its summary to treatment pages

Week 3: Trust (chapters 6, 7 and 10)

- Doctor profiles with facts; "best" claims removed
- Photo cards in rooms; consent form to the lawyer
- Review link and follow-ups saved; reviews answered

Week 4: Measure and speed (chapters 9, 4 and 1)

- GA4 events; UTM pattern shared
- Auto-tagging on; gclid saved; first offline upload
- Images compressed; video and sliders gone; speed log
- Translation brief sent for language one

If you only have 2 hours a week

- Week 1: WhatsApp buttons; first-reply script
- Week 2: Rebuild your best-selling treatment page
- Week 3: Lead tracker; ask leaving patients for reviews
- Week 4: Compress images, remove video; book a developer for GA4

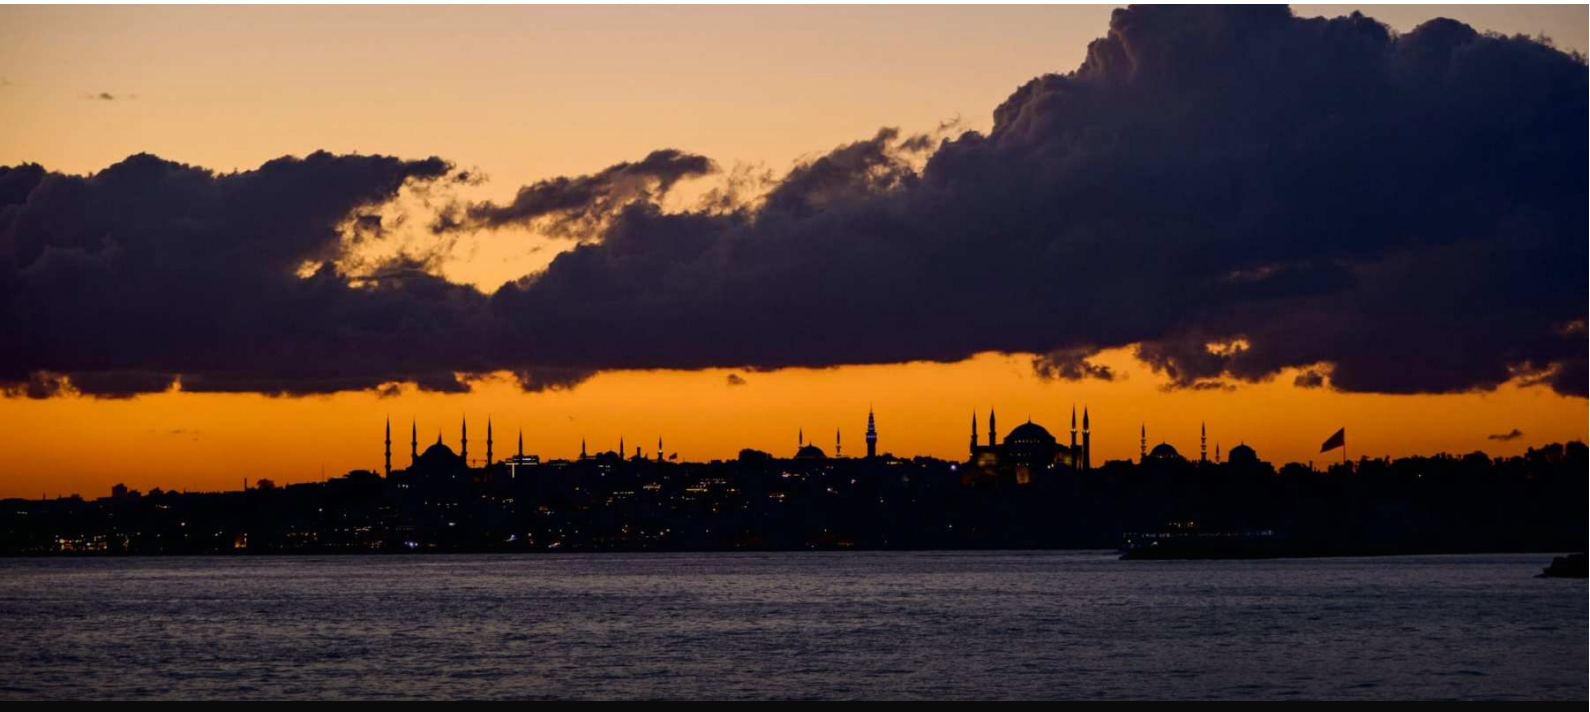

Month two: one chapter a week, lowest audit answer first.
